

FSP-451USBCW

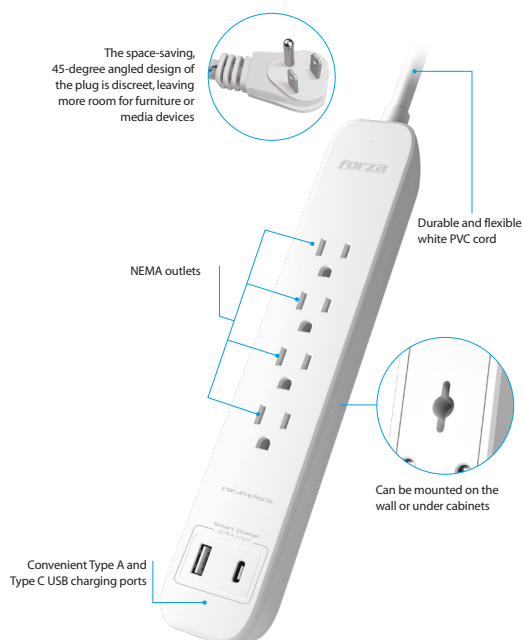

The Forza Surge Protector provides reliable protection to guard your electrical equipment, digital components and sensitive electronics from the damaging effect of surges, spikes and lightning strikes.

Equipped with 2.4-amp USB charging ports, the FSP is perfect for keeping tablets, smartphones and other rechargeable electronics ready to use. Convenient and highly functional, it also features perfect-fit outlets, which prevent plugs from becoming loose or slipping off the socket accidentally.

Highlights

- Grounds AC power through four (4) protected outlets and two (2) USB ports
- Type A and type C USB charging ports intelligently detect the connected devices to supply the optimal charging current
- Superior protection with 500-joule surge suppression
- Durable and flexible white PVC cord
- Fire-retardant plastic housing
- Lighted on/off switch
- Can be mounted on the wall
- Lifetime warranty

MPN	FSP-451USBCW
Input	
Voltage	110/220VAC
Amps	13A
Frequency	50/60Hz (autosensing)
Watts	1625W
Surge rating	500J
Maximum spike current	10,000A
AC plug style	NEMA 5-15P
Output	
Voltage	110/220VAC
Outlets	Four (4) NEMA 5-15R sockets
Overload protection	13A
USB charging port	One (1) USB Type A + One (1) Type C port of 5V/2.4A each
Physical appearance	
Switch	Lighted
Housing	Flame-retardant plastic
Color	White
Cord length	1.5ft
Wire gauge	16 AWG
Product dimensions (LxWxH)	10x1.7x1.3in
Product weight	0.53lb
Additional information	
Warranty	Lifetime
